It's a shorter part this time, onlu 21,000 words. I decided to put it up and I may continue to post it in shorter installments rather than waiting so long in the future.

I'm waiting impatiently for it to be in a place I can actually get to. :)

I just sent all three parts to Khade.

Hey, I only worked in the Chicago Public Library's Interlibrary Loan center for three years, getting people their literature fix is my job.

Could it be added as a new volume to the Whateley Library, for those of us who don't know what BC is?

That should happen once someone takes back over maintaining the site. Diane has an updated copy of the site with Fate already set in it.

BC is big closet, and there should be a link in the library. They haven't posted everything that they've written here, and I doubt they will. But who knows? I'm not the one making the decisions. Fate and the Iron Tiger part 3 will probably be posted here eventually, since the earlier parts are, but there's no guarantee.

No link in the Library to anything called Big Closet... There's a Stardust though.

OK it's also known as BC Top Shelf, and there is a link to it in the Stardust page, or you could search for it on a search engine.
